RESUMO

PhD in Physics (UFRJ), MSc in Physics (Unicamp), MBA in Big Data and Analytics (ESALQ-USP), BSc in Physics (Unicamp). Specialist in AI and data science with 15 years of experience in the private sector. Experience as a consultant, project manager, head of data science, and in developing solutions using machine learning, neural networks, and AI.

TECNOLOGIAS

Cloud: AWS, Azure, IBM, Databricks, GCP.

Programming: Python, Julia, C++, R, PySpark, Spark, Matlab, Mathematica, Sage Manifold, SAS, SQL.

Visualizations: Power BI, Power Query, Tableau, QlikView/Qlik Sense, Google Looker Python Dash, Seaborn, Bokeh, Matplotlib, Plotly, Streamlit, GGplot2, etc.

Packages: Pytorch, Keras, Tensorflow, scikit-learn, Pycaret, YOLO, Qiskit

AI: ChatGPT, DeepSeek, Gemini, VEO3, Gamma, Canvas, Runaway, Kling, Midjourney, Dall-E, ChatPDF, BingChat.

Statistics: SPSS, SAS, Minitab, E-views, Excel.

Other: MS Office, Google Analytics, LaTeX.

HARD SKILLS

Data: Machine learning, redes neurais, inteligência artificial.

Fundamentals: Modelos matemáticos, modelos estatísticos, advanced analytics, estatística e probabilidade, análise de dados, geração de insights.

BI: Criação de visualizações, extração de insights, ETL, Schema, Snowflake.

Engineering: ETL, ELT, criação de esteira de dados, estrutura de dados, geração de metadados, requisitos e organização de datalakes.

Specific Models: Modelos de classificação, regressão, clusterização, séries temporais, detecção de anomalias, modelos de recomendação.

LANGUAGES AND INTERNATIONAL EXPERIENCE

C2 level (fluent) in English according to the CEFR test. High School in Green Wood, Indiana, US.

Author of books and articles in English with publications in indexed journals.

Consultant and researcher with experience working with international companies.

PROFESSIONAL EXPERIENCE

Actual
SEP 2024

Data Scientist at COGNA
University

- Evaluation of LLM-based agents.
- Machine learning models and neural networks.
- Advanced analytics.
- Data science chapter leader.
- Creation of educational content in the field of AI.
- AI education within the company.
- Internal AI consulting.

Mar 2025
OCT 2023

Researcher at REJUVE.AI
Tecnology

- Research in quantum computing and its applications to longevity.
- Machine learning models and neural networks with applications to longevity.
- Development of a Bayesian network for the Rejuve.ai app.
- Longevity research. Participation in international conferences (ARDD24 in Copenhagen).

Jul 2024
OCT 2021

Head of Data Science at SUA MÚSICA
Tecnologia

- Manage data architecture and engineering (data lakes, pipelines, ETL, ingestion, etc.).
- Creation of products using machine learning, neural networks, and AI.
- People and project management.

Oct 2022
SEP 2019

Data Scientist at SÍRIO-LIBANÊS HOSPITAL
Hospital

- Lead data scientist and chapter leader.
- Machine learning and neural network models.
- Predictive risk scoring model based on health indicators.
- Production deployment of machine learning models on AWS cloud.
- Creation and implementation of a training course in advanced analytics.

Oct 2019
OCT 2018

Data Scientist at C&T
Digital Transformation and Software

- Data science consulting for various clients: Coca-Cola, Nestlé, Centauros, Bradesco, Itaú, etc.
- Predictive models using machine learning and neural networks.
- Organization of a data science chapter.

Oct 2018 APR 2017	Data Scientist at Itaguaí Construções Navais (ICN) <i>Naval Industry of Defense</i> • Technical Coordinator of the Inovador Program (Young Apprentice). • Business intelligence, business analytics, advanced analytics. • People Analytics: HR, planning, finance. • Health Analytics. • Machine learning and neural network models. • NLP models for sentiment analysis. • Neural network (vision) models for document recognition (OCR).
DEC 2015 Jan 2015	Data Scientist at Itaú-Unibanco <i>Banking</i> • Advanced analytics: data analysis and insight extraction. • Use of machine learning and neural network models for predictive modeling. • Analytical studies and models for strategic decision-making. • Technical validation of Credit Risk Models. • Technical validation of Wholesale Risk Models. • Validation of macroeconomic models for ICAAP. • Validation of Special Models: Provisioning Model (PDD). • Income models (individual clients) and revenue models (corporate clients). • Validation of the Brazilian economic cycle model. • Participation in a digital transformation project: branch closures, capacity (head-count) model, and optimization of the branch portfolio.
DEC 2016 Jan 2016	Didactic Production Consultant at KROTON <i>University</i> • Technical Reviewer: Principles of Electricity and Magnetism (ISBN 978-85-8482-883-8). • Co-author: Dynamics of Rigid Bodies (ISBN 978-85-8482-813-5). • Content creation: question bank.
JAN 2012 Jan 2010	Professor at CENTRO UNIVERSITÁRIO PADRE ANCHIETA <i>University</i> • Professor of Differential and Integral Calculus. • Creation of didactic materials. • Planning of course content.

ACADEMIC BACKGROUND

AUG 2025 Aug 2021	Doctorate in Physics at Universidade Federal do Rio de Janeiro (UFRJ) . <i>"Warp Drive: Superluminal Global Motion of Particles within General Relativity."</i> (Doutorado sem bolsa) <i>Orientadores: Prof. Dr. Marcelo Byrro e Prof. Dr. Everton Murilo Carvalho de Abreu.</i>
JUL 2023 Sep 2021	MBA in Big Data and Analytics, ESALQ-USP , São Paulo. <i>"Pragmatic applications of clustering algorithms to finance and retail banking"</i> <i>Advisor: Thiago Gentil Ramires</i>
DEC 2009 Aug 2007	Masters in Physics at Universidade Estadual de Campinas (UNICAMP) . <i>"Estudo comparativo das respostas de monitores de Rn-222 que utilizam o CR-39 como detector de tracos de particulas alfa."</i> Bolsista da Fundação de Amparo à Pesquisa do Estado de São Paulo (FAPESP) <i>Advisors: Prof. Dr. Julio Cesar Hadler Neto and Dr. Pedro Jose Iunes.</i>
DEC 2009 Aug 2007	Bachelor's degree in Physics at Universidade Estadual de Campinas (UNICAMP) . <i>"Otimização de um sistema de detecção da atividade alfa do 222Rn e filhos no ar ambiental e comparação entre este sistema, que utiliza o CR-39 como detector e outro, que utiliza o LR-115."</i> Bolsista da Fundação de Amparo à Pesquisa do Estado de São Paulo (FAPESP) <i>Advisors: Prof. Dr. Julio Cesar Hadler Neto e Dr. Pedro Jose Iunes.</i>
